

## **MORE INFORMATION TO MAKE YOUR EXPERIENCE EVEN BETTER!**

### **Here we present details of the bike operation.**

If you still have questions, you can contact us via Whatsapp from Legado das Águas: +55 11 97278-3855.

Value\*: The value per person/group depends on the package. To gain access to the Legado, you must purchase the visitation ticket, this ticket will give you the right to visit the road, Cambuci suspended trail, Plant Nursery, Onça Parda trail, Cambuci Waterfall, Figueira Centenária suspended trail.

Along the route, there are several attractions (singletrack, kayak, trails and waterfalls), which, to gain access, it is necessary to purchase the ticket separately. Within the package there is the possibility of including overnight at the inn/camping, breakfast, lunch, afternoon snack and dinner, as well as equipment such as tents, jungle hammocks, sleeping bags, bikes, among others.

The Tamanduazinho Singletrack is a great option to add to your experience, being a one-way route, with a lookout, waterfall and narrow stretches that require skill and precision in driving through trees and obstacles! Check out more details at <https://legadodasaguas.com/singletrack-tamanduazinho/>

The visitation ticket must be purchased at the LEGADO BASE or via deposit to be arranged with the attendant.

You can also check the activities we offer on the website and set up your tour: <https://legadodasaguas.com/>

About available dates: We have all dates available for groups on self-guided tours, but as soon as you decide on a date, let us know so we are aware of the visit and book other ecotourism products, accommodation, etc. **We are open from Tuesday to Sunday and holidays from 7 am to 5 pm, with entrance from 7 am to 1 pm.**

Difficulty level: We are located in a mountainous region, therefore, the bike route has a considerable accumulated altimetry, requiring a certain physical preparation of the group, as well as good cycling equipment due to the irregularity of the road. We consider the degree of difficulty as an intermediate level. There are approximately 40 km of road inside the Reserve that is open for public use (altimetric profile below).

Coming from Sorocaba, you will access the Legado through the Porto Raso entrance, starting there and heading towards Base do Legado (where we have bathrooms, an inn and a restaurant) for a total of 19 km. Coming through Regis you will have access through the Fumaça entrance, starting there and going to towards Legado Base, for a total of 18km. We remind you that there is a considerable stretch between the main road and gates.
